SELECTED DELEGATE

To Attend the I. O. O. F. Association Meeting in Maryville October 31.

The following is from the St. Joseph News-Press.

At the meeting of Georgetown lodge, I. O. O. F., Tuesday night Fred D. Clark was appointed delegate and J. W. Ebling, alternate, to the semi-annual meeting of the Northwest Missouri Odd Fellows' association at Maryville, Friday, October 31. Several hundred members of the fraternity will attend from this part of the state and efforts are being made through efficient degree work, by visiting teams and good speaking to make the gathering unusually interesting. Perry A. Brubaker of St. Joseph is president of the association; C. H. Lampton, Hamilton, vice president; C. E. Bacon, Westboro, secretary, and W. S. Marquis, Cameron, treasurer. The program committee comprises C. W. Bennett and William G. Sawyers of Maryville.

Purchased a Half Section.

John H. Anderson expects to leave this evening with his car of household goods for Chugwater, Wyo. He has purchased a well improved farm of 320 acres eight miles east of Chugwater and fifty miles north of Cheyenne. It is in a well settled and prosperous community. Mrs. Anderson and daughter will leave the first of next week and meet him there. Theodore Ray, a son of Mr. and Mrs. J. W. Ray of this city, has a section of land ten miles from Mr. Anderson, which he will prove up on next spring. The sale of the farm to Mr. Anderson was made by J. W. Ray. Mr. Anderson is the son of Mr. and Mrs. A. J. Anderson of Grand avenue, who retired two years ago from their farm, eleven miles southwest of Maryville. He will doubtless make good in the new country, for he is thoroughly conversant with agricultural pursuits, and his practical knowledge has been augmented by special study at the Northwest Normal for two years.

Winning at St. Joseph.

The Aberdeen Angus herd of cattle of Omar Catterson and son, which are on exhibition at the Interstate fair, in progress in St. Joseph this week, are winning a number of premiums. On Wednesday they took second on bull, 3 years old and over, first on bull 3 years and under 2 years, third on senior yearling bull, first on junior yearling bull.

C. D. and E. F. Caldwell of Burlington Junction are also winning many premiums on their Aberdeen Angus cattle at the St. Joseph fair. They won second on bull 3 years and under 2, first on senior yearling bull, second on junior yearling bull, first on senior yearling bull calf and third and fourth in same class, and first on junior champion bull.

Wabash to Run Special.

The Wabash announces they will run a special train, leaving Omaha union station at 10.30 p. m. on October 1st, after the electric parade. This special train will run as far as Stanberry in order to give all desiring an opportunity to spend the day in Omaha, view the electric pageant in the evening and return home the same night. Every one should improve this opportunity to go to Omaha on October 1st, as that is the biggest day of the Ak-San-Ben.

Miss Hazel Rickard of Pickering was shopping in Maryville Wednesday evening.

BUILDING BRIDGES NOW.

The Standard Bridge Company Has Three Gangs Working on Bridges in the County.

The Standard Bridge company are now at work on building fourteen bridges in the county, the contract having been awarded to that company by the county court some time ago. The bridges are to be built before the first of the year.

The company has completed bridges which are now ready to be filled near the Wilderman farm, one east of the J. S. Casteel farm, one on the Narrows road, northeast of Pickering, on the east side of the river road from Pickering to Hopkins, and a 50-foot pany truss near the Evans school house in Nodaway township.

They are beginning work on a bridge near the Harmony church, and this gang of men will go to Barnard to start work on a bridge on Barnard-Guilford road. There is another gang of men working on a bridge a half mile east of Prairie View school house, in Atchison township. A third gang of men are starting the work on a bridge near the George Stafford place, in Green township.

The seven other bridges will be built soon, the work to start when the bridges they are now working on are completed.

TO CLEAN UP ALLEYS.

A Number of Boys in Contest at Graham and Are Cleaning Up the Alleys.

The boys of Graham are entered in a contest for clean alleys in Graham. They range in age from 10 to 15 years, and they have selected their own alley and have agreed to clean one block in length and keep it clean until the last of October. At that time each alley will be inspected by a local committee, and the boy whose alley presents the neatest appearance is to receive a cash prize of $3, and for the second best alley $2 will be given.

The boys who have entered the contest to the present time are Ira Foley, Claud Mowry, Taylor Adkins, Luther Bond, James Inman, Merrill Bond, Gene Kauffman and Wayne Thornton.

MORE CORN PRIZES

FARMERS' AND CORN BREEDERS' CONTEST AT TEACHERS' MEETING

MANY OTHER EXHIBITS

Besides the Corn Exhibits—There Will Be a Grain, Fruit and Seed Exhibit—Prizes Are Offered.

In connection with the corn growing and domestic science contests to be held in Maryville on October 30 to November 1, at the joint teachers' meeting, there will be a farmers' and corn breeders' contest, which is open to all of the farmers and corn breeders in the county.

The sweepstakes prize for the best ten ears of corn exhibited by any farmers or corn breeders is a fine thoroughbred Poland-China gilt given by W. O. Garrett of this city.

In the farmers class there are four prizes, ranging from $7 to $1 for the best ten ears of white corn, and there are also four prizes, ranging from $7 to $1 for the best ten ears of yellow corn.

The breeders class includes farmers who make a specialty of raising corn to sell for seed, and they are barred from the above classes. For the breeders there are three prizes ranging from $5 to $2 for the best ten ears of corn, and variety.

There is also two corn selecting classes for all boys and girls from 10 to 20 years of age. One person cannot exhibit corn in both of these two classes. It is not necessary that you grow the corn for this exhibit. This is a contest for corn judging and selection and no corn raising. In the first class, for the best twenty ears of white corn, there are six prizes ranging from $10 to 50 cents. In the second class there are six prizes for the best twenty ears of yellow corn.

There is also to be a grain, fruit and seed exhibit. A plate of apples or pears shall consist of five specimens; of peaches and plums, ten specimens; of grapes, five bunches. These classes are open to all boys and girls, men and women of Nodaway county.

Section A is for grains and seeds. There are three prizes each, ranging from $2 to 50 cents, for the best peck of winter wheat, best peck of rye, best peck of oats, best gallon of clover seed, best gallon of timothy seed, and best gallon of millet seed.

Section B is for grasses and grains in stalk. There are three prizes each, ranging from $2 to 50 cents, for the best display of timothy best display of red clover, best display of alfalfa, best display of corn on stalk, best display of bluegrass, best display of cow peas, and best display of alsike.

Section C is miscellaneous class and there are three prizes each, ranging from $2 to 50 cents, for the largest pumpkin, largest squash, largest watermelon, best peck of potatoes, and best peck of sweet potatoes.

Section D is for apples, and in this class there are three prizes each for the following, ranging from $1.50 to 50 cents, for best plate of Ben Davis apples, best plate of Jonathan apples, best plate of Grimes Golden apples, for best plate of Winesap apples, best plate of Genet apples, best plate of Rambo apples, best plate of Gano apples, best plate of apples any variety.

Section E is miscellaneous, and there are three prizes each for the following, ranging from $2 to 50 cents, for best plate of pears, best plate of peaches, best plate of plums, best plate of grapes, choice bouquet of geraniums, choice bouquet of asters, choice bouquet of garden flowers, best pound of butter, best composition on butter making, best composition on caring for apple trees.

The committee in charge of these contests are Miss Hettie Anthony, Prof. John E. Cameron, James B. Robinson, G. L. Wilfley, Joseph Jackson, Jr., Paul Sisson, E. E. Williams and W. M. Oakerson. The exhibits will be on display at the Normal.

Sang at Theater Opening.

Miss Hazel Vandervoort and Miss Marie Shipps went to Rock Port Tuesday, where they took part in the opening of the new moving picture theater that was opened there Tuesday night by Miss Vandervoort's father. Miss Hazel was pianist and Miss Marie soloist. They will return Thursday night.

Back From Meeting.

John I. Hoffman returned Wednesday night from Omaha, where he attended the Commercial club secretaries convention. The meeting was very largely attended.

Moved to Maryville.

I. E. Moody of Graham moved the first of the week to the Prather place, west of Maryville, and will work for Clyde Graves.—Graham Record.

Miss Beulah Anderson went to Ravenwood Thursday to visit her grandmother, Mrs. Sallie Duff.

DELEGATION TO ST. JOSEPH.

Eighty-One Tickets Sold Thursday Morning—Crowd Waited for Train 'Midst Strains of Music.

Agent W. E. Goforth sold eighty-one tickets to St. Joseph Thursday morning, all to people going to the fair.

While the crowd waited for the train, which was twenty-five minutes late, a negro concert company made the time pass very pleasantly by singing quite a number of songs to the accompaniment of stringed instruments. Everybody crowded in the depot to hear the music. It might be a means of inducing travel if the railroad companies would put up an attraction such as delighted the people Thursday morning. We don't know whether Agent Goforth will make that a regular feature or not. But we think he would sort o' like it himself.

Among those who went away were Mr. and Mrs. Hal T. Hooker and daughter, Miss Mary A. McCall, Miss Nellie Alkire, Mr. and Mrs. Preston Seafers, Mr. and Mrs. G. L. Allen, Mrs. Frank Murray, Mrs. Grace Masters, Miss Ella O'Grady, Miss Vannie Knobbs, Mr. and Mrs. Lewis Rogers, Mr. and Mrs. John Wallace, Frank Wallace, Mr. and Mrs. Will Thornhill, Joseph Saunders, Edgar Rhoades, Andy Chris Cummins, Misses Neta Bagby, Lula Headrick, Edith Irwin, Bertha Fanning, Ernest Thull, Charles Maffitt, Pearl Headrick and Ray Taylor.

MRS. SARAH SHELL DEAD.

Old Resident of Nodaway County—Body Will Be Taken to Kansas for Burial.

The body of Mrs. Sarah Jane Shell, who died Wednesday morning about 10 o'clock at the home of her daughter, Mrs. A. J. Holt of near Wilcox, will be taken to Effingham, Kan., Thursday evening for burial by the body of her husband, who died some years ago.

Mrs. Shell was 93 years old the 17th day of August last. She is survived by nine children—James Shell of Effingham, Kan.; William Shell of Eureka, Kan.; Charles Shell of Severance, Kan.; Henry Shell of Wilcox; Mrs. Henry Hitchcock of Wray, Col.; T. B. Shell of Effingham, Kan., and Mrs. A. J. Holt of Wilcox.

LIGHTS FOR RAVENWOOD.

That Town Made Proposition and the Maryville Electric Light Company Officials Met With Them.

Ravenwood will probably have electric lights within the near future, if the plans being made now are successful. Richard Kuchs and C. C. Hellmers of the Maryville Electric Light company went to Ravenwood Wednesday and were in conference with the citizens of that town for some time. The matter was taken under advisement by Ravenwood. A plan suggested was for Ravenwood to organize a stock company and put in the line and the light plant here to furnish the juice. If such a company is formed it is probable that Parnell will be included in it.

FROST INDICATED FOR TONIGHT.

A Telegram From Chicago Says It is Predicted for Tonight—The Rain Was .44 of an Inch.

The weather bureau at Chicago wired Weather Observer J. R. Brink this morning that frost was indicated for tonight.

The rain of Wednesday afternoon and night and up to 7 o'clock this morning amounted to .44 of an inch.

To St. Joseph Fair.

Miss Golda Roelofson and Frank Roelofson, Jr., went to St. Joseph Wednesday evening to attend the fair and stock show. J. F. Roelofson has several head of horses on display there. They will be the guests of Mrs. Paul Sawyers.

Mrs. H. K. Ferrell of St. Joseph returned home Thursday morning from a three weeks' visit with her parents, Mr. and Mrs. R. G. Allen.

Miss Mabel Martin went to St. Joseph Thursday morning for a week's visit with B. R. Martin and family.

OLD ARMY FRIENDS

THEY MEET AGAIN AFTER MANY YEARS AND ENJOY REUNION.

LET "THE BOYS" ALONE

G. W. Null and I. N. Wray Entertain M. B. (Stonewall) Jackson and Geo. Fisher—Talk Old Times.

When you see George W. Null of this city and I. N. Wray of Pickering together today with two strangers, walking around and talking like any other four boys around town you see most every day, don't think anything about it and let them alone, and let them do anything they want to do and laugh just as loud as they want to laugh. They have the biggest right in the world.

Mr. Wray and Mr. Null are entertaining two of their old army friends, M. B. Jackson and George Fisher of Clarinda, and they all served through the entire civil war in the First Nebraska regiment, and the things they have to talk about would fill a book.

Mr. Jackson has only recently gone to Clarinda from Joplin, and he had not met his old soldier friends before in forty-nine years. These boys who wore the blue are enjoying a fellowship in this meeting today that cannot be understood by anyone, and no one will ever know, save the comrades themselves, how they are bound together through experiences that the generation of today could not appreciate.

Mr. Wray came down on the morning train and he laughed and talked about who he was coming to see all the way uptown. He said:

"I've come to Maryville to see "Stonewall" Jackson. You thought he was dead, did you? Well, he isn't, and I served all through the war with him. Yesterday a fellow called me up over the phone and says, 'Do you know me?' I said I didn't, and then he said, 'Well this is Stonewall, and I'm here at George Null's. Come down tomorrow and we'll have a time together.'"

"You know we'll have a time together. We always called Mart "Stonewall." Haven't seen him for over forty years. We are the same age, 74, and it doesn't seem possible that we have been apart so long."

The auto bus didn't go uptown quite fast enough to suit Mr. Wray, and the way he hustled out of the bus to meet "Stonewall" was a caution.

TO SEND A CAR LOAD.

Christian Churches to Ship Provisions to the Orphans' Home at St. Louis.

The following is from C. R. Harmon of Pickering:

The Christian churches of Nodaway county are making an effort to send a car load of provisions to the Orphans' home at St. Louis, the car to be loaded at the Wabash depot at Maryville about November 1. Let this be a call to every one who desires a part in this good work to respond generously. Is there a family in Nodaway county who cannot spare at least one jar of fruit or a few potatoes or something useful? Any further information can be obtained from your local pastor.

TO SPEAK HERE.

Dr. J. L. Meriam of the State University is to Be One of the Speakers at Teachers' Meeting.

Dr. J. L. Meriam, head of the supervision department of the state university at Columbia, will be one of the speakers at the joint teachers' meeting in Maryville, on October 31. Dr. Meriam is experimenting with new ideas along original lines and is a speaker of note.

Will Move to Maryville.

Prof. J. W. Decker of Graham has rented property and will move to Maryville this fall. The professor will attend the Northwest Normal.

HAS BIG APPLE CROP.

Skidmore Farmer Attributes His Success During Bad Summer to Fact That He Sprayed Trees.

Despite the drouth and hot weather of the summer, the big 115-acre orchard owned by W. W. Grigsby, two and one-half miles south of Skidmore, will have a record crop this year. And this is not all, for the trees are absolutely free from worms and scab. This is still more wonderful when it is known that the growers of Northwest Missouri report only 30 per cent of an average yield. Yet Grigsby's trees are fairly breaking under their load.

Grigsby attributes his success to the fact that he has always sprayed his trees, and points out that those orchards which have suffered the most from not only the worms and scab, but also the drouth, are those which have not been sprayed.

The greatest fruitage is found on Grigsby's York Imperials, Ben Davis, Gano and Arkansas Black trees. Many of his York Imperials are shipped to England, where they are a great favorite and bring top prices.

W. M. Howden, who also lives in Skidmore, sprays his trees, and he, too, will have some fine apples this year, although the yield will not be so heavy as Grigsby's.

FUNERAL LARGELY ATTENDED.

Services for John Ferritor Held in Clyde Thursday Morning—Burial at Conception.

The funeral services for John Ferritor, for many years a resident of Clyde, who died Tuesday morning, were held Thursday morning at 9 o'clock at St. Benedict church in Clyde, Rev. Fr. Frowin officiating. Burial took place in St. Columbus cemetery at Conception. The pall bearers were Joseph Voelker, Wm. Kill, James McCann, F. A. Enis, R. W. Graham and Clarence Merrigan.

Quite a number of relatives from a distance were in attendance at the funeral, and they were L. J. Ferritor of Buffalo, N. Y.; James C. Ferritor of Staunton, Ill.; E. L. Ferritor and family of Maryville, sons of the deceased; Mr. and Mrs. J. F. Lowe, Miss Margaret Lowe and Edward Lowe, Misses Kate, Bid and Nan Kinney, all of Omaha; Mrs. J. G. Ferritor, Miss Vera Ferritor and N. W. Ferritor of Moberly; Mrs. Edward Schilling of Kansas City; Mr. and Mrs. H. G. Ferritor of Stanberry; Chris Smith of Excelsior Springs; Mrs. Peter Scammon and Patrick Ferritor of Brennan, O.; Harry Eckart of Stanberry.

WILL RECEIVE STATE AID.

Burlington Junction and Pickering High Schools Have Come Up to State Aid Requirements.

G. H. Reavis, state high school inspector, spent Wednesday night in Maryville with County Superintendent Oakerson. Mr. Reavis has been inspecting the Burlington Junction and Pickering high schools. The state aid for these two schools was held up recently, as they had not come up to the requirements, but Mr. Reavis announces now that these requirements have been met and the Burlington Junction school will receive $540 and the Pickering school $340.

E. F. Wolfert returned Tuesday from a business trip to Valentine Valley, Texas. He was accompanied on his trip by Walter Campbell of Barnard and Harry Peterson of this city.

AN AUTO BUS LINE.

E. H. Bainum to Run His Two Motor Buses at Creston, Ia., Next Week for the Races.

E. H. Bainum of the Union Bus company has accepted a proposition to run his two motor buses at Creston, Ia., next week for the races at that place. The race track is quite a way from town and too far to walk, so the fair managers made a proposition to Mr. Bainum to bring his motor buses up.

Creston also made a proposition to Mr. Bainum to open an auto bus line there and to have a regular auto street car line and make the trips each hour around the business section of the city. He does not intend to accept the proposition at this time, but may sell Creston one of his motor buses.

Mrs. Bellows Out of Danger.

Mrs. George P. Bellows, who has been seriously ill for two weeks from blood poisoning in one of her hands, caused by a bruise, is now out of danger and is resting fairly well.

Mrs. Ed Moran and children of Meridan, Kan., who have been visiting for two weeks with Mr. and Mrs. J. J. Mahoney, went to St. Joseph Wednesday evening to visit M. and Mrs. Bernard Moran.

Miss Elise Williams, who is attending the State Normal, went to her home in Bolckow Wednesday evening on account of the illness of her grandfather, D. K. Williams.

Mr. and Mrs. Byron Rhoades went to St. Joseph Wednesday evening to attend the fair for a day or two.

Port Davis of near Sheridan was a city visitor Tuesday.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

GOT INTO FIGHT

TWO OF CARNIVAL COMPANY'S SHOWMEN CREATE EXCITMENT.

ONE USED A MALLET

Ira Wilson Hit John Dietrich on the Head, But His Skull Was Not Fractured.

An exciting time was had at the carnival company show on Wednesday evening about 7:30 o'clock, when two of the showmen got into trouble, Ira Wilson hitting John Dietrich over the head with a mallet. It was thought at first that the blow had fractured Dietrich's skull, but an examination by Dr. Will Wallis, Jr., showed that it was only a bad scalp wound.

The injured man was taken to the drug store of Love & Gaugh and was bleeding profusely when the physicians arrived. His injuries were dressed and he was taken to the Ream hotel, where he is now staying.

Wilson was arrested and appeared in police court Thursday morning before Mayor Robey and was fined $25 and costs, amounting to $31.10. He paid the fine and costs. Immediately after the city case Wilson was arrested by the state. A charge of felonious assault will probably be made by the state.

It is said the two men had some words between them. Dietrich had been drinking, while Wilson is not a drinking man, according to the show people. The injured man was much better Thursday.

Wilson said Thursday that he did not intend to hit Dietrich with the mallet. A large number of people witnessed the affray.

FARMING BY MAIL.

University of Missouri Offers Special Courses.

That work by correspondence can be carried to every person in the state interested in farming and the farm home is the opinion of Charles H. Williams, secretary of the extension division, University of Missouri, Columbia. Accordingly, Mr. Williams has arranged to have general and specific reading courses in agriculture and home economics given by mail. The fee charged is $1.50. A certificate will be given with each course completed, which, while not giving credit toward graduation, will admit to higher and more specialized studies.

The general reading course in agriculture covers all phases of farming to give a broad view. But suppose a farmer to be especially interested in stock raising, then he may devote his time to this one specific subject. Other reading courses may be had in dairying, horticulture, soils, farm crops, poultry raising and rural economics. Experts will direct the work in each branch.

All courses are open to women, but of especial interest to them is the work planned in home economics. This reading course will deal with such phases of home life as cooking, ventilation, house decoration. The aim is to give as many short cuts as possible to good housekeeping learned from the experience of other women. It will be an exchange bureau of ideas.

Students may enroll for these courses by mail at any time without examination.

Courses in agriculture may also be arranged for high school credit and for credit toward the certificate in the two-year winter course in agriculture. In addition, courses in home economics are given for university credit.

DEATH OF JONAS GILL.

Parnell Man Died After Several Years of Illness, Caused by Erysipelas.

Jonas Gill, 64 years old, died Wednesday night at his home, in Parnell, after many years of suffering from bone erysipelas. The funeral services will be held Friday morning at 11 o'clock at the home. Burial in Parnell cemetery.

Mr. Gill had been crippled for a great many years from erysipelas in one of his legs and had worn an iron brace. About two years ago the disease appeared in his other limb, which had to be operated on several times, and was finally amputated last summer. He was a native of Ohio and came to Nodaway county from Iowa when he was 16 years old, and had made this county his home ever since. When he was 21 years old he married Mahala Cordell, who survives with four children—Mrs. Lizzie McCoy of Dallas, Texas; Mrs. Ruth Wyatt of Coffeyville, Kan.; Mrs. Sadie Cooper and John Gill of Parnell.

Everett Howell Again Marries.

Maryville friends learned Thursday of the marriage of Everett Howell of Kansas City and Miss Helen Slade. The bride's home was in northern Iowa. The marriage took place last week. Mr. Howell formerly lived in Maryville, a son of Mrs. Elizabeth Howell of Denver, Col., for many years a milliner of this city. Mr. Howell's first wife was a daughter of Dr. and Mrs. J. N. Goodson, now of Kansas City. He is transfer mail clerk at the union depot in Kansas City.

APART FROM THE BUSY WORLD

Small Island, Only Forty Miles From World's Largest City, a Most Primitive Spot.

Elmley, one of England's oddest little islands, though only 48 miles from London, is a parish where roads, shops, lamps, telephones, motor cars, public houses and postoffices are unknown. The island has an area of about 2,000 acres, and is the property of Oxford university. Some time ago the island was the home of 35 men, women and children. The inhabitants are mostly "lookers" or shepherds of large flocks of sheep. The oldest man of the village is in his seventieth year. He has yet to see a motor car. The school and church are the two chief landmarks on the island. The reason they were built in such a sparsely populated spot is that in winter it is almost impossible to leave the island. The mud is literally knee deep, and the ferry which runs to and from the island is dangerous. A novel method of obtaining the services of the ferrymen, who live opposite the island, is the opening of the white door of a hut facing the shore. The ferryman on the lookout know that the open door is a signal for the ferry. At night a lighted candle held aloft serves the purpose of the open door.

Whirlpool Suggested Silencer.

Mr. Maxim had been working on the development of automobile mufflers for some time before he thought of a silencer in connection with a gun. In addition to this was the inventor's desire to enjoy target practice without creating a disturbance. Experiment ensued, covering a couple of years and all kinds of valves, vents, by-passes, expansion chambers, etc., but without success. One morning after his bath the inventor noticed the small whirlpool over the drain hole, the action of which retards the egress of the water. It does not silence it (as this phenomenon is usually accompanied by a more or less pronounced sucking sound), but in a gun the noise of firing is caused by the sudden egress of the gases, and if these could in the same way be slowed down the noise would in proportion be decreased. Acting on this suggestion, a little tube was then made, constructed so as to induce a whirlpool in the escaping gases from the gun. This, when tried, was a success.—American Machinist.

Domestic Talk Material.

"Should a woman tell her husband everything?" asks Virginia Terhune in a New York newspaper. No—hold on—let's not get into an argument over this thing—when did an argument convince anybody of anything of importance? Let's just reflect that if a woman fails to tell her husband everything he is likely to miss a lot of news that never gets into the newspapers. And if men should fail to tell their wives pretty much everything they dare tell, the wives would miss a lot of gossip-material. And if both adopt a policy of reserve domestic conversation may lag a lot unless one or the other thinks of the happy expedient of using topics of personal importance for conversational purposes. Yes—this is a big subject. Go ahead—talk about it for a week if you like.

QUESTION REMAINS A PUZZLE

Unable to Tell Just What Country First Found Value of Cotton.

Where did cotton originate? The question comes up because Brazil claims that it is indigenous to the Amazon valley. It is a fact beyond dispute that cotton, from the earliest ages of the world, has been grown in China and for five to ten thousand years the people of that country have worn cotton clothes. The same is true of India. There is no record of a time when the people of India did not wear cotton cloth, at least a strip of it.

On the American continent the record is much shorter but equally as positive. The first white men found cotton cloth a regular dress of the Indians of Mexico and the Indians of Peru.

It is impossible to say where cotton originated unless it was originated on two continents. The lost Atlantis may have connected the old world with the new, and cotton may have been carried from the new world to the old, or it may have been brought to America many thousands of years ago. All in all we can see no reason why Brazil should claim the distinction of having originated cotton. Neither Peru, Mexico, Persia nor China would consent to that.

Wool is the oldest of fabrics, cotton is next and silk third.

SPEED—SPEED—and again, SPEED

YOUR object in shooting is to get your bird with the center of your load. Of course! Then shoot these Steel Lined *Speed Shells.*

They are the fastest shells in the market. Their speed is demonstrated beyond question by the one sure test in all ballistic matters—the Electric Chronograph.

Then, too, there is the experience of thousands of seasoned gunners who have been shooting the Remington-UMC Steel Lined Shells ever since they came out.

The steel lining is the thing. It grips the powder—holds it in *compression*—puts all the drive of the explosion behind the shot.

Your load travels quicker—you shorten up your lead. You cut down the guess work on lead and angles—*you get more birds.*

Your dealer carries these speed shells. Get them. Use them. Find the Red Ball mark on every box of shells and metallics you buy.

CLEANSES YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous and All Dandruff Disappears—Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Beside beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Advertisement.

UP AGAINST MOTHER NATURE

Modern Demand for Large Armaments as Well as Babies She Considers Unreasonable.

The falling birth rate continues to excite the patriotic apprehensions of Europe. In France the scare is a perpetual one. It has recently made its appearance in Germany, and now we have a wail from England that there are fewer children than ever before. Minds that are unobstructed by this particular brand of patriotism are likely to congratulate themselves on the fact of a waning population in countries that are obviously and notoriously overstocked. But the delusion that progress may be measured by population is widely spread. It springs from militarism. Its origin is the prevailing conviction among the ruling classes that the chief aim and object of national life is to fight, and that there can be no greater misfortune than a lack of soldiers. Actually it is militarism and armaments that produce the low birth rate. These are the very things that take the values from life and that produce the level of poverty that makes a new baby a calamity. If France, and Germany, and England, were so to rearrange themselves that babies might have a reasonable expectation of a comfortable life there would be no lack of babies to take advantage of such hospitality. But to demand armaments and babies is one of those unreasonable wishes that nature never grants.—San Francisco Argonaut.

BETTER THAN ANY MEDICINE

Just a Few Well-Chosen Words and Ailing Singer Was Restored to Vigorous Health.

"I am sorry to learn you are so ill that you cannot possibly be in your accustomed place tomorrow morning, Miss Hysee," said the minister's wife, condolingly, "and I have hurried over to say you need not feel the slightest uneasiness about the solo you were to sing in the opening anthem. Dr. Goodman and the organist have arranged that Miss Gonby shall take the part, and—"

"What?"

The popular soprano of the Rev. Dr. Goodman's church choir at once sat bolt upright in bed.

"What?" she screamed. "That old maid with the cracked voice try to sing my solo? Never!"

With one hand she tore the bandages off her head; with the other she swept the medicines from the little table to the floor, and then she kicked down the coverlets.

"Tell Dr. Goodman and the organist," she said, in a tone that rang through the house like the silvery tones of a bell, "to notify Miss Gonby that she needn't mangle that solo. I'll be there!"

"I thought that would do it," said the minister's wife, quietly, to herself.

Worrying About Things Beforehand.

We have learned to live wisely only when we have learned to put out minds exactly on the present task and the present minute and think of the thing to be done the next minute. It may be that at this moment you are worrying about something that you have to do a few hours or days hence.

Let the event, when it comes, take care of itself.

Do not sap your strength to meet it by worrying beforehand. The character that you admire in another is the character that faces the future calmly, without nervousness, without apprehension, without fuss or flutter. A woman who was about to be taken in an ambulance to a hospital for a serious operation was singularly calm. Her best friend praised her for her remarkable self-possession. "My dear," said the sufferer, "I have learned to have my troubles but once, and that is when they arrive."

If we could only learn that lesson!

Troublesome Tower.

She was a good servant, was Jennie, and Mrs. Wanderfarr never wished for better. But in the matter of pictures Jennie was weak. There was one in particular, which showed the leaning tower of Pisa. Every day Mrs. W. hung it straight, and every morning Jennie put it crooked.

So Mrs. W. watched.

"Now, look here, Jennie," she said, "you've hung that picture of the tower crooked again! Just look at it!"

"That's just what I say, mum," returned the domestic dolefully. "Look at it! The only way you can get that silly tower to hang straight is to hang the picture crooked."

Mrs. John Coleman went to Pickering Thursday to visit her cousin, Mrs. Rebecca Hewitt.

NO LIMITATIONS ON CONTRIBUTIONS

Sulzer Free to Use Money Any Way He Pleased.

ACTION NOT GRAND LARCENY.

So Rules Presiding Judge at Impeachment Trial—Morgenthau Tells Court He Has Been "Foolishly Generous." Motion to Quash Postponed.

Albany, N. Y., Sept. 25.—Governor Sulzer was free to use the $2,500 check given him by Jacob H. Schiff, a New York banker, in any way he chose. The banker so declared on the witness stand at the impeachment trial of the governor. The designation of the check across its back, as a contribution to the governor's campaign fund, did not restrict its use to that purpose, Mr. Schiff said.

Henry Morgenthau, ambassador to Turkey, formerly chairman of the finance committee on the national Democratic committee, testified that when he gave the governor a check for $1,000—a personal check—he placed no limitations on its use. He said, however, he had made the gift to help the governor in his campaign and had been "foolishly generous."

These are two of the alleged campaign contributions which the articles of impeachment against the governor charge that he misused.

Not Grand Larceny.

"It possibly cannot make any difference in this case, but if I were sitting in a criminal prosecution," said Judge Edgar M. Cullen, president of the court, "I should have to charge the petit jury that, if the owner consented to the use in any manner of the money or check given, by the party to whom it was delivered, such use would not constitute larceny."

This testimony and the ruling of the presiding judge thereon marked the opening of the actual trial of the impeached executive, which had been delayed by arguments on objections of counsel for the defense. All obstacles to the taking of testimonuy had been swept aside by vote of the court, thereby permitting Eugene Lamb Richards of the counsel for the managers of the impeachment, to outline the evidence against the governor. This opened the case.

The last of these obstacles—the motion of the defense to quash the three articles of the impeachment dealing with the governor's alleged misuse of his campaign contributions, was disposed of in this manner: Presiding Judge Cullen overruled the motion without prejudice to its merits and recommended that decision be reserved until the testimony was all in. This recommendation—termed a pro forma opinion—was adopted by the court by a vote of 49 to 7. The negative votes were all cast by Democratic senators.

SPEAKER SCOLDS CRITICS OF CAUCUS

Says People Will Pass Upon Work Done by House.

Washington, Sept. 25.—Speaker Clark quit his gavel to take the floor to defend the Democratic caucus against Republican attack.

"This continual howl about the caucus is the most idiotic thing that has ascended to heaven in the last generation," shouted the speaker. "The country wants to know what congress does, it does not care three whoops how it did it. We have revised the tariff and put through a bill changing the banking and currency system.

"If those measures are not good we will be the ones to suffer; if they are we will gain, but we did not propose to let you Republicans bring up other subjects on the floor while they were under consideration and distract attention of members and of the country from the great issues involved."

Speaker Clark said he would not answer Republican attacks by calling attention to the way former Speakers Reed and Cannon put through important legislation.

"That would be a case of the pot calling the kettle black," he said. "A lot of you fellows have been talking too much for your own good, anyhow," concluded the speaker, to the accompaniment of a prolonged outburst of applause from the Democrats.

Progressive Leader Murdock took issue with Speaker Clark on his statement that the country did not care how congress did things so long as they were done. Mr. Murdock said the caucuses result in lack of decorum, bring a small attendance and end in gag rule. He said there was no reason why the doors of every committee room should not be open.

EXPEL GERMAN STUDENTS

Dismissed From Greifswald for Protest Against Drinking Beer.

Greifswald, Germany, Sept. 25.—The expulsion of a number of students from Greifswald university, one of the oldest in Germany, because of their total abstinence principles has caused a sensation here.

The students, numbering about 1,000, were called together in June to attend a typical "beer evening" in celebration of the jubilee of Emperor William's reign. The rector of the university presided. Several abstainers protested and were thereupon expelled by the officials, who declared their protest an "incitement to action against academic customs."

Banks Aid Drought Victims.

Kansas City, Sept. 25.—The banks of this city will contribute $10,000 toward a fund to purchase seed wheat for farmers in the ten western counties of Kansas that suffered most from the recent drought.

Officers and Crew Blamed for Wreck.

Washington, Sept. 25.—"Man failure" all along the line, from officials and directors of the New Haven railroad down to its trainmen, is held by the interstate commerce commission to have been the cause of the Wallingford wreck Sept. 2, in which twenty-one were killed and thirty-five injured. In its report the commission blames the crews of the wrecked trains for lapses, and scores officers and directors for "inefficiency of management."

Brought a Sack of Peaches From the Farm.

James Charles of north of Graham brought to this office last week a small sack of home grown peaches, which were very nice. They were seedlings, but most of them were fair size and free of worms. One of them measured nine inches in circumference. It was a rich golden yellow. Uncle Jim called it the Orange peach. It was very fine and very much resembled an orange in appearance.—Graham Record.

Pensions for Confederate.

Six hundred and fifty-three confederate veterans have been placed on the pension rolls of the state at the rate of $10 per month, the payment for the first quarter to be made October 1. There are 1,412 applications on file with Adjutant General O'Meara for pensions and others will be added to the eligible list as fast as their records are examined. The last legislature appropriated $30,000 for pensions for two years, but at the rate the pensions are being applied for there will be a deficiency long before the next legislature meets.

CATHOLICS NAME SENOR GAMBOA

Minister of Foreign Affairs Nominated for Presidency.

MEANS ELIMINATION OF HUERTA

According to Prominent Member of Party, Selection Made With Approval of the Provisional President. Rascon for Running Mate.

Mexico City, Sept. 25.—Frederico Gamboa, minister of foreign affairs, was nominated for the presidency by the Catholic party convention. General Eugenie Rascon was nominated for the vice presidency. Both candidates are regarded as men of high standing. Senor Gamboa accepted the candidacy.

Frederico Gamboa was a disciple of Ignacio Mariscal, at one time minister to the United States. He was substitute secretary of foreign affairs under Mariscal. Later he became minister to The Netherlands and has recognized ability as a diplomat. He is a writer of some note and is about fifty years of age.

General Eugene Rascon was minister of war under Provisional President de la Barra. He served as minister commander of the federal district for a short time and later as governor of Yucatan. He is now military commander of the district of Oaxaca. He is sixty-five years of age and has a long military record.

Huerta Approves Selection.

According to a prominent member of the Catholic party, the selection of candidates was made with the approval of General Huerta, and therefore means the elimination of Huerta as a presidential possibility.

The Catholic party, while supporting the present administration morally and financially, it is explained, realized the futility of endeavoring to continue General Huerta in office in face of the opposition on the part of the United States and the consequent inability of the government to borrow money. This attitude was plainly indicated to General Huerta, who was brought to realize its consistency, and finally sanctioned the proposed nominations and gave assurance of his support of the ticket. He said that he would not be a candidate of any other party or faction.

THAW DECISION DELAYED

Fugitive Visits Birthplace of Daniel Webster at Salisbury.

Concord, N. H., Sept. 25.—Governor Felker may not be able to give his answer to New York state's request for the extradition of Harry K. Thaw until late next week. Counsel for Thaw said that it may be found necessary to ask for further extension of time in which to file briefs supplemental to the arguments introduced at the hearing before the governor. Monday next was the date originally set for filing those briefs.

While his lawyers were thus occupied, Thaw himself enjoyed a rare outing, accompanied by his mother, Mrs. Mary C. Thaw. They motored to Salisbury, twenty miles north of Concord, and visited the birthplace of Daniel Webster, lately the scene of centennial observances. Thaw was under the care of Sheriff Drew during the two hours' pleasure trip.

CHARGED WITH BIGAMY

Warrant for Arrest of Dr. Thom Is Issued at Beatrice.

Beatrice, Neb., Sept. 25.—A complaint was filed and a warrant issued for the arrest of Dr. Charles Thom on the charge of bigamy. On April 12, 1912, Thom married Miss May Wallace in Oregon, and on June 14, 1913, he was married at Fairbury, Neb., to Miss Carrie Knowles of this city.

Thom has lived at Council Bluffs and since his marriage to Miss Knowles they have been living at various points throughout the west. Wife No. 2 returned to her home here after learning that Thom had been married to another woman a short time before he married her.

According to reports received here, Thom has been married four times. If arrested he will be taken to Fairbury for trial. Thom was seen at Omaha Tuesday.

Hearings on Money Bill.

Washington, Sept. 25.—The administration currency bill from the viewpoint of the farmer and the grain merchant was discussed before the senate banking committee by a delegation of merchants from the northwest, who opposed the provisions of the bill, as they expected them to affect the country banks. Hearings on the bill may continue until Nov. 1.

Bill Nye's Newspaper Quits.

Laramie, Wyo., Sept. 25.—The Laramie Boomerang, founded in 1881 by Bill Nye, the humorist, and edited and printed by him for years, until his fame was world-wide, has gone to the journalistic graveyard. The First National bank, which held a mortgage on the plant, foreclosed.

First Football Accident.

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a **Savings Department** in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our **Savings Department** with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world and think what it means.

The **Savings Department** of the **Nodaway Valley Bank** opened for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

Don't overlook this invitation to start a **Savings Account.** Drop in next time you are passing and get started. We have a book for you.

POSSE SEEKS THREE SLAYERS OF OFFICER

Marshal Killed by Trio Supposed to Be Striking Miners.

Trinidad, Colo., Sept. 25.—Aroused by the killing of Marshal Robert Lee at Segundo by three men, supposed to be striking coal miners, and by persistent, but unverified, reports of further disorders, Sheriff Grisham ordered increased vigilance at all the coal camps of Las Animas county. Deputy Labor Commissioner Brake, acting upon orders received from Governor Ammons, started an investigation of the shooting.

Lee was shot from his horse, the bullet striking him in the breast and penetrating a lung. A posse of more than fifty men is searching the hills for the slayers, but a heavy rain has obliterated all tracks.

CAMELS ONCE ROAMED YUKON

Discovery Has Given New Range to Ideas of Old Geographic Distribution of Mammals.

Among the most interesting collections in the National museum at Washington is one exhibiting the remains of extinct camels and horses found in Alaska and the Yukon. At the time of the discovery of this western hemisphere the natives had never seen a horse, and the nearest living American representative of the camel was the llama. Within a year discoveries have been made which indicate that camels once inhabited the Yukon region of Canada, and the skull of an Alaskan horse has also been found.

It is known that several large species of camels were very abundant on this continent during both the Pliocene and the Pleistocene periods, and the discovery of their remains in the Pleistocene deposits of the Alaskan peninsula was not altogether unlooked for, although their occurrence so far within the arctic circle was scarcely expected. This verification of their former presence within that region, therefore, is of especial interest, in that it greatly extends the known geographic distribution of this important group of mammals in America, incidentally adding proof in support of the supposition that milder climatic conditions prevailed in Alaska during probably the greater part of the Pleistocene period. It also tends to support the theory of the existence of a wide Asiatic-Alaskan land connection of comparatively recent date, which for a great length of time served as a highway for the migration of mammals from the old world to America.

WANTED IT PUT ON RECORD

Judge Had Long Held Opinion of Shyster Lawyer and Was Glad to Have It Verified.

Every now and then some one refers bitterly to the New York breed of shyster. They're as pestiferous as the woodtick of the Bitter Root mountains.

"Judge O'Sullivan hates the sort," said Aaron Levy, Democratic leader of the New York assembly. Levy, by the way, represented the only two men accused of knowledge of the Rosenthal murder who were freed. "Not long ago a young lawyer in his court had a runin with one of them. The young lawyer lost his temper and called the pettifogger a name. O'Sullivan banged on his desk.

"'What's that you said?' he roared.

"The young lawyer wouldn't say. O'Sullivan whanged away again with his mallet. 'Then take the stand, sir!' he demanded. 'I'll see if I cannot get at the truth. Clerk, swear him.'

"The clerk swore him. The young lawyer fluttered like a hair ribbon on a ferry boat, O'Sullivan rasped at him loudly.

"'Remember, young man,' said he, 'you're under oath. Now what did you call this attorney?'

"'Please, sir,' said the young lawyer, in a thin, apologetic voice, 'I called him a hog-headed bluejay.'

"'Stand down,' said Judge O'Sullivan firmly. 'I've know that to be the case for 25 years—but this is the first time I could get any one to swear to it.'"

Got the Wrong Dish.

Jones seldom gets home in time to eat dinner with his family because the press of his work keeps him at his desk until long after everybody else has left the building. Mrs. Jones always puts his dinner in the oven, where he finds it when he arrives.

One night he reached home after the family had gone to bed, and found his dinner on top of the stove. Next morning his wife opened the oven and discovered that the food she had left for him had not been touched.

"Why, John! Didn't you eat your dinner last night?" she asked.

"My dear," he replied, "I did, and enjoyed it very much, but you made a mistake and left it on top of the stove."

"Good heavens!" she cried. "That was the dog's supper!"

Needless Worry.

A patient young angler was diligently plying his rod and line.

"Do you know," howled the irate owner, appearing on the scene, "that you are fishing in forbidden water? Yes, sir; preserved water. And perhaps you will allow me to inform you that I have been to considerable expense in well stocking it with fish."

"Ah, yes," exclaimed the angler, languidly. "And with what fish, may I ask, have you so liberally replenished the stream?"

"With roach, sir; my favorite fish."

"Ah, well, then, in that case," blandly observed the youth, "there's no need for you to worry further, for I am fishing for trout."

To War on Materialism.

To combat the materialism of the present age in earnest a society has just been founded in Paris by Edmond Rostand, Maeterlinck and Camille Flammarion, and is receiving the enthusiastic support of the thinking public. A large number of members have already enrolled themselves, among the committeemen being some of the leading figures in French thought. The founders are calling upon all who are willing to fight for the higher ideals of art, literature and science, in the face of the decadence, now threatening French taste, to join their ranks.

Several branches, it is announced, are being formed in the provinces and abroad.

Big Surprise to Many in Maryville.

Local people are surprised at the quick results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the German remedy which became famous by curing appendicitis. W. Jones, druggist, states that this simple remedy draws off such a surprising amount of old foul matter from the body that a single dose relieves sour stomach, gas on the stomach and constipation instantly. Druggist Shuff at Pickering reports great success there.—Advertisement.

HAD BAD ACCIDENT

PEARCE CAR TRIED TO RUN OVER THE AUTO BUS.

THE ONLY ONE HURT

J. H. Pearce Severely Injured—Auto Bus Passengers Escaped With a Thorough Shaking Up.

An automobile accident that was terrifying to those who witnessed it occurred Friday evening about 5 o'clock, opposite the residence of J. A. Colin, on East Third street, when Jordan H. Pearce of Ravenwood collided in his car with the auto bus as it was returning from the 4:29 Burlington train.

Mr. Pearce was thrown through the wind shield a distance of some twenty feet, and then slid about five feet after he struck the pavement. No one in the bus was injured.

Everyone ran to the injured man's assistance expecting to find him dead. He was carried off the pavement and laid on the parkway and Dr. Vilas Martin, who came along just after the accident happened, bound the wounds about Pearce's head to stop the flow of blood, and he was taken to St. Francis hospital soon after, where a thorough examination was made of his injuries. Mr. Pearce was unconscious but a few minutes and asked for his brother as soon as he was able to think and know anything of what had happened.

He narrowly escaped a broken neck. The muscles of his neck and back are severely strained, both ankles bruised, and he has a scalp wound about two inches long, beside many other minor cuts and bruises. He will be able to be taken to his home in Ravenwood Sunday. Mrs. Pearce was phoned for soon after the accident happened, and was in Maryville an hour later. Mr. Pearce was able to sit up in a chair Saturday morning by 11 o'clock.

Will Edwards, who was driving the Linville bus, saw the Pearce car coming at a good speed for several blocks away, and as it passed a delivery wagon and a coal wagon by a hair's breadth, it seemed and was coming ahead in a zigzag course, and gaining speed all the way, he drew the auto bus as close to the curbing on his right as he could and slowed up until the big car was barely moving, and gave the on-coming car all the road.

When within about twenty feet of the auto bus, Pearce, who was driving alone, lost all control of his car and it headed straight into the auto bus. Those in the bus say the Pearce car jumped about ten feet and they thought it was going to go over the bus, but the big bus was too strong for it and was able to resist the collision so well that no one was hurt by the jar.

One wheel on Pearce's car was torn off and the whole front was badly mashed. The damage is about $150 and is covered by insurance.

When the Pearce car struck the auto bus the left front wheel of the bus was thrown back under the truck, breaking the spring. The suit cases in the driver's compartment were thrown down on his feet so that he could not use the pedals and he could not get hold of the emergency brake until the big car had gone across the street and over the curbing, killing the engine as it got onto the parkway. It was an exciting time for the bus passengers, who saw Mr. Pearce shoot through the wind shield onto the pavement just as they began their little journey across the street.

Mr. Bainum cannot estimate the damage to his bus, as the machine men are still working on it. If the engine is damaged so that it will have to be sent to the factory for repairs, the damage will be $600 or more. Mr. Bainum carried no insurance.

Mr. Pearce carried accident insurance. We understand he met with two other accidents shortly before this one, when his car tipped over, but no one was hurt.

Mr. Pierce and his family moved to Ravenwood recently from Maryville and opened a barber shop. He was in the barber business here, and for a year or so was in the wood and coal business with Dick Strong.

It is said that Pearce had been drinking on Friday before the accident.

Mrs. Rex Murdock and Gordon Murdock of Worth were in Maryville Friday on their way to Graham to visit the family of John Johnson.

Miss Golda Airy went to Kansas City Friday evening to meet Miss Lou Garrett and Miss Maud McCluskey for a two days' visit.

MEMBERSHIP CONTEST A SUCCESS

The Epworth League of the Buchanan Street Methodist Church Now Has 125 Members.

A membership contest has been on at the Buchanan Street Methodist church in its Epworth League, and the contest closed Friday, being a very successful one. The membership was increased from 40 to 125. Frank S. Mathis was captain of the winning team, and the losing team was headed by Dr. R. E. Hamilton. The losing team furnished supper for the winning team at the church on Friday evening, there being about seventy in attendance.

THE COMING WINTER.

It Will Be a Hard One Unless Mild Weather Prevails.

A mild winter is promised by nature and her people.

While the weather prophets of the government, and the local weather observer, J. R. Brink, hesitate to even guess the nature of the coming season, the prognosticators believed in by the pioneers are free with their promises.

Those who notice such things say the husks on corn are thin this year. When the winters are to be cold the husks are invariably thick, they say.

The muskrats are content this fall with a slight shelter, small and not tightly constructed. When a hard winter is coming these animals, which are claimed to be as true weather prophets as exist, build large, tight houses.

Gophers are not digging as deep into the earth as they would were a cold winter promised. Their tunnel homes, as shown by the small heaps of earth, thrown out at the mouth, are shallow.

The almanacs say the winter will be hard unless mild weather prevails.

VISITED FIFTEEN SCHOOLS.

County Superintendent Oakerson Covered a Great Amount of Territory —Schools Are in Fine Shape.

County Superintendent Oakerson visited fifteen rural schools on the west side of the county this week and reports that the conditions and improvements of these schools are fine. Prof. Oakerson made his trip in a horse and buggy instead of using his auto.

Mr. Oakerson tells of the box social held at the Bilby school, near Quitman, on Thursday night, when $25 was taken in. R. I. Bilby donated to this school $25 and the entire amount of $50 will be used for library purposes.

A new modern heating and ventilating plant has been installed at Burr Oak school, three miles east of Skidmore.

Many improvements have been made at the Eureka school, near Skidmore. A new floor has been put in, a new set of desks, a new water cooler, new curtains and the library has been added to by the required books.

The Gill school has also been making a number of improvements. The building has been painted and the walls on the interior frescoed.

Visiting in St. Joseph.

Mrs. Chester Bennett and daughter, Mrs. Harry Shipps and Miss Blanche Shipps went to St. Joseph Friday evening to visit friends and relatives, among them Mrs. Conrad Adamson, formerly Miss Ada Rozelle.

Left for California.

Mrs. Catherine Miller left Friday evening for Los Angeles, Cal., to spend the winter with her daughter, Mrs. Fletcher Irwin, and Miss Emma Kildow. Mrs. Miller will stop over Sunday at Collinsville, Okla., at the home of her son, John R. Miller, and family. Henry Miller of Vinita, Okla., will also be there for a visit with her. Mrs. Miller will not return before April.

George B. Baker left Saturday afternoon for Chicago, where he will join Mrs. Baker, who is on a visit to their daughter, Miss Carrie Margaret Baker, who is attending Northwestern university. Mr. and Mrs. Baker will return to Maryville next week.

Edison Blagg went to St. Joseph Saturday to see the base ball game between the Giants and the White Sox.

TO PREACH SUNDAY

REV. FINCH TO OCCUPY CHRISTIAN CHURCH PULPIT SUNDAY.

IS AN ABLE SPEAKER

Services in All Churches Sunday—Union Service at Presbyterian Church in the Evening.

Rev. Robert L. Finch, who until two months ago was pastor of Temple Christian church of Kansas City, Kan., will occupy the pulpit of the First Christian church of this city Sunday morning and evening.

Rev. Finch was invited here for preaching by the official board of the church. He is a graduate of Drake university of Des Moines, Ia., being a member of the 1910 graduating class. While a student at Drake he was pastor of the Christian church at Grant City. Upon his graduation he accepted the call from the Temple Christian church and remained as its pastor three years. He resigned two months ago to take work on the Chautauqua platform. He went to Brookfield, Mo., this week to make arrangements for revival services in which he will begin the coming week with the Christian church there.

Rev. Finch is 29 years old and has a wife and a child. He is an able speaker and it is the hope of the board that all members of the church will be in attendance at the services Sunday.

First Christian Church.

Morning worship at 11 o'clock. The pastor, Rev. Louis M. Hale, will preach.

The choir will sing for an anthem "Jesus, Savior, Pilot Me."

Miss Marie Jones will sing "Entreat Me Not to Leave Thee," by Gounod.

At 2:30 o'clock in the afternoon funeral services for the late Mrs. Charles A. Hawkins will be held in this church. The pastor will be assisted by Rev. Robert L. Finch, a Christian minister of Kansas City. Mrs. F. P. Robinson will sing.

The B. Y. P. U. meeting will be held at 6:30 p. m.

Evening worship at 7:30 p. m. Preaching by the pastor. Miss Marie Jones will sing.

Buchanan Street Methodist Church.

The superintendent is anxious that we make tomorrow an "on-time Sunday." The school will open promptly at 9:30. The lesson will interest you.

At 10:45 a. m. the pastor will preach on "The Value of a Purpose." If your life is weak and unworthy it is because your purposes are weak and unworthy.

In the past two months the Epworth League has grown from 40 to 125. The interest is still increasing. The meeting will open at 6:30 p. m.

At the evening service the pastor will point out "What You Have a Right to Expect from Your Church."

The members of the church and general public are cordially invited to all of these services. The church is located at the corner of Second and Buchanan street, only two blocks from the public square.

TO PLAY GAME HERE.

The Helena High School Girls' Basket Ball Team to Play the Ravenwood Girls' Team.

A basket ball game will be played at the Normal gymnasium on next Thursday afternoon at 5 o'clock during the teachers' meeting between the girls' team of the Helena high school and the Ravenwood girls' team.

LECTURE COURSE AT PICKERING.

One Will Be Given This Winter of Four Numbers at the Christian Church.

Pickering will have a lecture course this winter, to be given by the citizens of that town. It will take place in the Christian church and will contain four numbers. The numbers are as follows:

The Military Girls, November 13.

The Collegians, November 22.

Mrs. A. C. Zehner, December 15.

Frederick Dale Woods, January 12.

RITES AT BAPTIST CHURCH.

Funeral services for Mrs. Charles A. Hawkins, who died Friday morning at 9 o'clock at the home of her parents, Mr. and Mrs. Clark Andrews, will be held Sunday afternoon at 2:30 o'clock at the First Baptist church.

The pastor, Rev. Louis M. Hale, will be assisted in the services by Rev. Robert L. Finch of Kansas City, who will occupy the pulpit of the First Christian church Sunday.

Aside from the numbers by the choir Mrs. F. P. Robinson will sing.

Interment will take place in Miriam cemetery. The pall bearers will be Mr. E. L. Andrews, Mr. A. W. Hawkins, Mr. Charles Hyslop and Mr. W. A. Bailey of this city, Roy Andrews of Burlington Junction and Mr. Ernest J. Andrews of Shenandoah.

Recovering From Auto Accident.

Mrs. J. P. Norris and son went to Barnard Friday evening to spend Sunday with Mrs. Charles Dane, Mr. Dane being off on his vacation. Arthur Norris is the boy who was struck by an automobile the last evening of the fall festival, while returning from the Normal park, where he had gone to see the airship flight that did not happen. He is getting along nicely, and although not quite strong, he will be all right before long. He was crossing on West Fourth street at J. D. Frank's home when the accident happened. He had a slight concussion of the brain and was unconscious all night, but he was well enough in ten days to go back to school.

Announce Birth of Daughter.

Professor and Mrs. John Rush of Fairfax, Mo., announce the birth of a daughter, born to them Thursday. Prof. Rush is well known in Maryville, having attended the Normal, and Mrs. Rush was Miss Lena Robison of Barnard. The baby has been named Jaqueline Elise.

After New Heating Plant.

C. G. Swinford and Prof. Somerville of Pickering were in the city Saturday looking after heating plants for the school building at that place. The present heating plant is not giving the heat required.

WON FIRST GAME

CITY HIGH SCHOOL BASKET BALL TEAM BEAT HOPKINS.

HOPKINS SCORED FIRST

After That It Was All for Maryville—In Last Half Hopkins Took Spurt —Score Was 26 to 22.

The Maryville high school basket ball team went to Hopkins yesterday, where they played their first game of the season. They came home victorious by a 26 to 22 score.

The Hopkins team, who were also playing their first game this year, scored the first two points of the game. The Maryville team then took the lead and maintained it throughout the remainder of the contest, although toward the end of the last half the Hopkins team took a spurt which gave the home lads something of a fright.

The team here has good prospects for a successful season. Practically all of the last year's team is back again, which will mean much for the team work.

H. B. Polson of the manual training department is coaching the team and also referred the Hopkins game.

Those who made the trip are Willson, David, Miller, Scott, Murray, Blagg and Pickens; H. B. Polson, coach.

The Hopkins team is composed of the following players: Blanchard, Rickard, Grotte, Clutter, Griffith. They will be at Maryville during the teachers association next week, when they will play the Rosendale high school.

ARE INTERESTING MEETINGS.

Large Attendance at Bible Lectures Given by Dr. Dodds.

A constantly increasing interest has been shown in the union services held by the First Methodist and Presbyterian churches under the preaching of Rev. Samuel Dodds.

Dr. Dodds is a forceful speaker, and last night talked to the largest crowd which has attended the meetings yet. The meetings will continue throughout all next week, ending on next Sunday.

Rev. Dodds will speak at the Presbyterian church in the morning Sunday and will, as usual, conduct the union services at night in that church. On next Sunday morning he will fill the pulpit of the First Methodist church and will speak to both congregations at night.

The night services during the next week will commence at 7:45 instead of the usual hour, 7:30, and will be held at the First M. E. church.

BOUGHT THE QUALITY SHOP.

W. E. Glover and J. H. Blackwell Have Bought Out Thornton's West Third Street Business.

W. E. Glover and J. H. Blackwell have purchased E. J. Thornton's Quality Shop on West Third street, in the Robinson building, and will take possession of the business Monday.

Mr. Blackwell will have the management of the business, which has to do with the interior decoration of residences and business houses, carrying one of the nicest lines of wall decorations seen in Maryville.

Mr Blackwell is the father of Miss Mabel Blackwell, in charge of the Parisian millinery house.

Mr. Glover is with the Godsey barber shop.

HAS SECURED HIS PATENT.

Skidmore Man Will Sell Invention After Waiting Four Years for Permission From Government.

Andrew F. Howden, the well known seed corn grower of Skidmore, has just received his patent by the U. S. government issued on his invention, a seed and grain crate, through his attorney, Judge Ira K. Alderman. The claim has been pending almost four years, having once been rejected. The case was appealed and victory came with the appeal. Mr. Howden is said to have a most useful invention.

Returning to California.

Mrs. H. S. Kennedy of Oakland, Cal., left for her home Saturday morning, after a month's visit with her daughter, Mrs. Thomas E. Hall, west of Maryville. Mrs. Kennedy will first visit her son, P. V. Twyman at Nevada, and her grandson, Clarence Twyman, at Ashdown, Ark.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

News of Society and Womens' Clubs

If I Knew You and You Knew Me.

If I knew you and you knew me—
If both of us could clearly see,
And with an inner sight divine
The meaning of your heart and mine,
I'm sure that we would differ less
And clasp our hands in friendliness;
Our thoughts would pleasantly agree,
If I knew you and you knew me.

If I knew you and you knew me
As each one knows his own self, we
Could look each other in the face
And see therein a truer grace.
Life has so many hidden woes,
So many thorns for every rose;
The "Why" of things our hearts would see
If I knew you and you knew me.

Miss Bertha Beal Hostess.

The Shakespeare department of the Twentieth Century club will meet with Miss Bertha Beal Tuesday afternoon.

Will Observe Her Birthday.

Mr. and Mrs. D. N. Scott will give a birthday supper Saturday evening at 6 o'clock, in observance of the birthday anniversary of their daughter, Miss Besse Scott. Plates will be laid for ten guests.

Friday Dinner Guests.

Mr. and Mrs. A. J. Anderson of Grand avenue entertained at 12 o'clock dinner Friday. Their guests were Mr and Mrs. G. R. Epperson and their visitor, Mrs. Martha Patrick of Pacific Grove, Cal., and Mrs. Julia Riggle of near Graham.

Remembered Bride and Groom.

At the close of choir rehearsal Friday night at the First Christian church, the director, Mr. H. J. Becker, and his bride, were presented a set of solid silver spoons from the choir. Mr. W. E. Goforth made such an eloquent presentation speech, with such genuine good will that, he is about to be made poet laureate or something like that especially for such occasions in the church. The gift is highly regarded by Mr. and Mrs. Becker. They have taken up their residence with Mr. and Mrs. L. A. Denny, 120 South Main street.

A Great Time at Children's Party.

The Y. W. Girls of the State Normal had a lovely time Friday evening at the children's party given by the losing side of the association in the membership contest that closed this week. The losers acquitted themselves so graciously in entertaining the victors that the victors didn't feel like crowing a bit over their success, for they fully realized that they had only worked against each other for each other, and it was a mutual victory. The hostess asked their guests to come dressed as children, and they were certainly there to represent them from 3, 4, 5, 6, 7, and to 12 years old. Some wore their hair braided, others in curls while quite a number appeared ith bobbed hair, with dresses to orrespond, half socks and all. Some brought their dollies and Teddy bears, too, and doll carriages, and rubber balls and top pistols to play with. They played doll needle's eye, London bridge, poor pussy, lame goose, and so on, and the luncheon consisted of stick candy, animal cookies, peanuts, popcorn, ice cream cones and hot chocolate. Some of the costumes became their wearers like everything, so much so that they would be a heap prettier if they would wear them all the time.

Fall Road Dragging.

There is an inclination, even among consistent road draggers to leave the drag set in the barn lot in the fall. Roads need dragging now when they are in condition more than in the summer. Fall road dragging puts highways in shape for winter use—just when the best roads are needed. Nodaway county has had two weeks of bad weather on roads. They are in shape for dragging again. If the wideawake man wants good roads to travel on he should drag them himself—then his neighbor will drag.

Roads dragged in fall and winter when it is practical to do so, means comfort, economy and convenience to the people who are compelled to use highways in all sorts of weather. How improved are Nodaway roads over the condition of five years ago! Let's keep on making them better.

Quite an Improvement.

The iron railing in front of Raines Bros.' store has been taken down by Walter Mutz, the owner of the building. The opening to the basement has been closed up. It adds greatly to the appearance of the building by making this improvement.

Mrs. H. B. Griffith of Hopkins was in Maryville Friday, returning home from a visit with her daughter, Mrs. M. J. Morrell of Omaha.

On account of delay in securing possession of its room and remodeling same, its activity in its banking department has been delayed.

Grit That Would Not Down.

The American Magazine has been offering prizes for the best letters entitled "What I Am Most Thankful For," and in the November number publishes the three prize winning contributions. The following letter won first prize:

"Of all the blessings which I can count as belonging to me this year and for which I am thankful, I am most thankful that I have not lost my grit.

"Eleven years of time and strength and everything we had have gone into the making of our 160-acre homestead here in North Dakota; and yet, today, if we sold everything we possessed we could just about pay our debts.

"A long series of crop failures from drought and hail, and a much and well-advised venture of buying a traction engine which then did not work, and wa seventually (but too late for our good) replaced by the company with a new one, have eaten up all we have been able to make.

"It has been most discouraging, and the past year has been one of exceeding and unceasing worry and work of mind and body for both my husband and myself.

"Through it all I have been most thankful that I was able to keep my courage and help my husband keep his, as he bore the worst of the burden, being the provider and the one who had to meet and stave off creditors.

"Now, when we are practically assured of time (which is what we most need) to retrieve ourselves, we can stop and take stock.

"Against these adversities we can say that for eleven years we have lived decently, not lacking either food or clothing which was necessary.

"We have been bringing up three childre nin good and healthy conditions, and we have had enough simple pleasures to keep us well and happy in spite of our troubles.

"We have had sickness and accidents, but none were fatal.

"When things were at their worst all I had grit enough for was to say that we were young enough and strong enough to start in over again and make a success yet; because I will not doubt our ultimately succeeding.

"I would keep saying to myself 'We might be much worse off.' 'We might not have enough to eat or to wear or a good home,' or, most of all, we might have lost hope, under our mountain of debt, as many do, and lapsed into a listless, ambitionless life with nothing ahead for ourselves or children, so I am most thankful that our grit has carried us through and has given us doggedness and perseverance enough to carry us through whatever more may come."

Miss Marie Russell and Miss Ruby Bishop, who are attending the Normal, went to Hopkins Friday night to visit over Saturday and Sunday with Miss Ethel Bird.

Next Week at the Picture Shows

At the Fern.

Monday night the comedy subjects are Mr. Jefferson Green and A Compromising Complication. These two comedies are by the Biograph company and that is enough to insure a good laugh. The Detective's Trap is a drama which shows the way that robberies are committed in high society, and how the thieves are sometimes trapped. This is a Kalem drama. The Carpenter is a Vitagraph drama. The cast includes Lillian Walker, Zena Keefe, Mary Maurice and Charles Kent.

Tuesday—Rustic Hearts; the village doctor tiring of his humdrum life leaves for the city; to tell more would spoil a good rural story. Made a Coward, is a drama that will surely please all; it is made by the Selig company. The Joy Ride; see what the auto brings to many simple minded maidens in the large cities; this film shows us one of those affable chauffeurs who gets a dose of his own medicine.

Wednesday—The Miner's Destiny, a Pathe drama special in two reels; an absorbing, interesting story, faultlessly told, proving the helplessness of mortals in the hands of fate; a miner suffers for the crime he did not commit, and after weary years of futile hope he has the satisfaction of seeing destiny, with one sweep, right the wrong and restore him to a life made sweeter by an appreation of the clouds that have cleared.

Thursday—The Forbidden Way, an Essany special in two reels; a thrilling and sensational drama of the underworld; its powerful portrayal of characters and its masterly presentation of scenes from the criminal haunts of a great city, play upon the heart strings of human emotions with an eloquence of appeal that rends the very soul; it's marvelous. Entertaining Uncle, a Kalem comedy. Seeing New York City; see the Battery, Little Italy, Orchard street, the most densely populated street in America; see Broadway; see fashionable Fifth avenue.

Friday—Lubin comedies, The Wrong Handbag and The Waiter's Strategy, are sure to be funny. A Fight to a Finish is a drama by the Kalems, and deals with a western farmer who, through his selfishness, makes life miserable for all of his neighbors, till a girl with foresight and spunk shows him the way to live and let live. Sweet Deception is a Vitagraph drama of the high order; a childless millionaire couple agree to disagree and each leave their mansion to live in a rented flat apart; let the Vitagraph company of artists show you the rest of this society drama as they alone can.

Saturday—Broncho Billy and the western girls, Evelyn and Irene Courtney, through the helplessness of their father, who is a cripple, are given charge of the general store and postoffice; a large bag of gold with registered letters, etc., are delivered by the mail carrier one day, Dick Lee sees the deliverer; he notifies the gang. The Patchwork Quilt; this is an Edison drama. Old Doc Lake; this is a Selig comedy.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel and Pills Act on Liver and Bowels Like Pepper Acts in Nostrils—Danger!

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

DUN'S WEEKLY REVIEW OF TRADE

Business Situation Seen as Continuing Fairly Satisfactory.

New York, Oct. 25.—Dun's Review says: The business situation continues fairly satisfactory, although evidences of reactionary tendency are manifest in certain branches of trade. Colder weather has stimulated both retail and wholesale distribution of seasonable merchandise.

Conditions in iron and steel still reflect curtailment in operations, with additions to idle forces, and there is less optimistic sentiment. Reductions in prices are more frequent, yet railroad demands are becoming more of a feature and consumers are urging deliveries.

A better tone is apparent in the copper market. Continued favorable advices are received from leading dry goods houses.

Failures this week numbered 340.

CURRENCY HEARINGS OVER

Advocates of Single Bank Plan Expected to Surrender.

Washington, Oct. 25.—Whether there shall be one federal reserve bank, with branches throughout the United States, or several banks, as provided for in the administration bill, promises to be the chief issue of the final currency reform fight in the senate committee that is to open up Monday. The hearings of the committee will conclude tonight; and the committee members will begin Monday the arduous task of attempting to agree upon a revision of the Glass bill, that will prove acceptable to President Wilson and the house.

It was apparent that the course of several members of the committee probably would be determined finally by the attitude taken by President Wilson and other party leaders as to the expediency of the single bank plan. Senators O'Gorman, Hitchcock and Reed, Democrats, all favor the idea of a single federal reserve bank, as opposed to many separate ones, but it is believed that their advocacy of the plan may be abandoned in committee, if the Democratic leaders insist that such a measure could not be passed through the house.

Well Pleased With His Location.

Rev. W. E. Royston, formerly pastor of the Barnard M. E. church, is now at Linneus, Mo., having the pastorate of the church at that place. He is well pleased with his new place. The following is from the Linneus Bulletin:

Rev. Royston, the newly appointed pastor of the M. E. church in Linneus, made a very favorable impression on his audience last Sunday in his initial appearance. In the morning his address was a pleasing introduction to the church and visitors and in the evening he preached an excellent sermon. Mrs. Royston and two little sons arrived Monday and are now at home to their friends at the M. E. church parsonage.

Eczema and Itching Cured.

The soothing, healing medication in Dr. Hobson's Eczema Ointment penetrates every tiny pore of the skin, clears it of all impurities—stops itching instantly. Dr. Hobson's Eczema Ointment is guaranteed to speedily heal eczema, rashes, ringworm, tetter and other unsightly eruptions. Eczema Ointment is a doctor's prescription, not an experiment. All druggists or by mail, 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis.—Advertisement.

All members of Owl nest 1482 are requested to be present at their meeting on Tuesday night, October 28. Plenty of work and a general good time.

KLINE WELCOMES WORLD'S W. C. T. U.

Delegates Like Only Part of Opening Address.

MAYOR IS NOT APPLAUDED.

Secretary of Young Women's Branch Tells Delegates It Is Time for Organization to Take Stand in Regard to Women's Dress.

New York, Oct. 25.—Mayor Kline was not applauded when, in an address welcoming the delegates of the World's Woman's Christian Temperance union to New York city, he suggested that the solution of the liquor problem lay not in absolute prohibition, but in a gradual process of education.

Prolonged handclapping greeted his remark that "I understand some of you believe in total abstinence."

"I see that all of you do," he continued, "but I cannot help thinking that 'temperance' is the better word to emphasize. It is well to recognize and not antagonize the element in human nature that rebels against sudden drastic reform.

"In this city there is a great difference of opinion as to what the excise laws should be and how they should be enforced. At one extreme there is a faction that asks for absolute prohibition (the mayor was here warmly applauded). At the other extreme is the faction that wants a wide open town. In between there is a body of good citizens who believe a certain amount of personal liberty is not inconsistent with proper regulation. The solution is not in sudden repression, but in a gradual process of education."

The mayor added, however, that the best sentiment upheld the Women's Christian Temperance union and that its efforts were bound in the long run to educate people to the conviction that temperance was best for the nation.

Mrs. Florence Barnes, secretary of the young women's branch, told the delegates that it was time for the organization to take a stand in regard to women's dress.

DRY FARMING EXPOSITION ON

Troops and Delegates Salute Flags of Nations at Tulsa.

Tulsa, Okla., Oct. 25.—The soil products exposition of the eighth international dry farming congress was opened here with a military tribute to the flags of various nations by the delegates who have arrived. The congress proper opens Monday.

Company L of the Ninth United States infantry from Fort Root, Little Rock, and the Fifth artillery band from Fort Sill participated in the opening exercises.

At no previous exposition of this kind has such an extensive or instructive array of exhibits been assembled.

Arizona has a large exhibit showing how scientific farming is making that state an excellent agricultural district.

In the Nebraska exhibit is a display of 504 varieties of products grown on thirty-five acres. This exhibit comes from the vicinity of Omaha.

FOR NATIONAL PROHIBITION

Congregationalists Declare in Favor of Amending Constitution.

Kansas City, Oct. 25.—The National Council of Congregational churches, in session here, went on record in favor of prohibition, defeating a number, headed by Governor Simeon Baldwin of Connecticut, who opposed the adoption as unconstitutional of the report of the temperance committee, favoring an amendment to the federal constitution prohibiting forever the manufacture, sale, importation and exportation of intoxicating beverages throughout the United States.

DEFENSE OFFERS TESTIMONY

Evidence Introduced Mrs. Eaton Loved Her Husband.

Plymouth, Mass., Oct. 25.—The defense in the trial of Mrs. Jennie May Eaton for the murder by poison of her husband, Rear Admiral Joseph G. Eaton, introduced evidence in support of its two main contentions, that the admiral was addicted to the use of drugs, and that his wife, instead of plotting his death, loved him and was loyal to him.

Stories of apparent intoxication on the part of the admiral were told by Miss Mary M. Simmons and Dr. Benjamin N. Blanchard, a physician.

Suggest Statehood for Porto Rico.

Mohonk Lake, N. Y., Oct. 25.—Two remedies for conditions in Porto Rico, statehood and independence, were suggested at the Lake Mohonk conference of Friends of the Indians and Other Dependent Peoples. Some of the speakers thought the island should be admitted to statehood, others believed the solution of the problem lay in giving the Porto Ricans independence under the protectorate of the United States.

Gas Oven Explodes, Killing Four.

New York, Oct. 25.—A gas oven on the top floor of a six-story factory building in Canal street, exploded, killing four persons. More than a score of others were injured or burned in the fire that succeeded the explosion and some of them may die.

$1800 a Year in This For You!

WHY BE BOSS-DRIVEN ALL YOUR LIFE?

Here's a Helping Hand That Will Convert Your Lost Time Into Real Money. Don't Be One of Life's Failures.

No matter who you are, where you are, if you can read and write and see, you can be SUCCESSFUL.

You, who read this, consider: "Opportunity visits most people more than once; but you never know when she'll come again."

This printed message to you, coming through the public press, may be Opportunity's last visit. And if you have but one little spark of ambition in your make-up to rise above the everyday drudgery of mere existence, you will act AT ONCE. Read this typed message to the end, absorb its meaning, think what it holds out to you, AND ACT.

Salary slavery—the curse of a large majority of American manhood and womanhood—may have blinded you to what you can really earn in this lucrative profession.

No matter what you are doing, what your trade, your profession or your employment; no matter if you live in the most remote part of the country; no matter what condition of life you may be in, We Can Help YOU to bigger, better, and brighter things. We can break the dreary, monotonous day by day existence that goes with work-a-day drudgery. Most of us have passed through that selfsame miserable existence. Early to bed, early to rise, in order that you may punch the time-clock, make money for your employer, deprive yourself of the pleasures and enjoyments your Maker intended you to have—WE KNOW what that sort of exisence means. A dollar looks like a cart wheel—twenty places to put it. Year by year, YOU GRIND YOUR VERY LIFE AWAY.

Come with us. Be one of us. WE can show you the way that leads to a brighter life, a lucrative profession as yet in its infancy. The world of motion picture production holds out untold opportunities to YOU. YES, TO YOU. We are a co-operative association of motion picture-play authors, banded together for MUTUAL benefit—one for all and all for one. Individually, we have passed through every stage of progression in our adopted profession, until, by force of will and environment we have forged a SUCCESS that is growing larger day by day, outstripping our most sanguine expectations. At first, thrown together by circumstances and affiliation, then by successive stages into a small club for the interchange of ideas, and finally NOW into a full grown professional association of SUCCESSFUL men and women.

Our work is lucrative, easy, and educational. Our time is practically our own. We owe allegiance to no employer. We are FREE from the drudgery of wages, a desk, a plow or a salescounter. And we can help you, can make you one of us, give you every opportunity that at first was denied us; see that you succeed—we don't brook failure.

No, dear reader, we are NOT in any sense either a so-called correspondence school, attempting the unattainable; nor distributors for technical works of overstocked publishers, that have little value except the profit derived from their sale. Just a mutual organization that is so founded, so conducted, that each member is a help to each other; in reality the most unique organization of its kind in the world today. It is an organization of SUCCESS, for SUCCESS and built on SUCCESS.

Our headquarters are in Los Angeles, California—in the very heart of motion picture production. FIFTY-SEVEN producing companies are located NOW in this city and its environs. That number is increasing month by month. We are in touch daily with every move of this wonderful business. We feel its heart throb, we know its needs, we realize the untold money making opportunities it holds out to YOU. Experience right here in the field has given us the keynote to success in our profession.

You think that $150 per month over what you are now receiving is absurd? Reader, consider: Many men and women in this profession who came from the ranks of plod-a-day workers are receiving incomes from $5,000 to $10,000 annually. A few get more than either of these sums. If you can read, write and observe the most ordinary happenings of everyday life, you can SUCCEED, by coming in with us. Literary ability is NOT NECESSARY. It would really be in your road.

Know more of this profession. To know is to act; to act is to receive. NOW, TODAY, drop a postal to the address below and simply say, "Send me details." No obligation. No Shylock bargain, no mortgage on your very existence. You'll get by return mail an outline of our plan of operation and the key TO A LIFE THAT IS WORTH LIVING. BE SOMEBODY. We will show you how, and shove you into success.

This offer is limited, as membership is limited by charter; there is a line beyond which we cannot go. Delay may put you outside the pale of our association and its money making opportunities. You'll lose the chance that comes but seldom—if you put off writing. Send a postal or letter today. Just say: "Send me details FREE." Address

GIVE UP HOPE FOR ENTOMBED MEN

Families of Buried Miners in Despair Abandon Long Vigil.

SIXTY-ONE BODIES RECOVERED

Only Twenty-three Rescued Alive from Workings—Rest of 284 Laborers in Colliery Believed Lost—Two Rescuers Meet Death.

Dawson, N. M., Oct. 25.—Disheartened by the empty-handed return of helmet crew after helmet crew, families of entombed miners whose fate is not yet positively known abandoned their long vigil maintained through days and nights since Wednesday morning in front of the manway. With not a man being taken out alive since Thursday night and mine officials positively stating that no man can be alive in the workings, the families seemed to give up their faint hope to which they clung so tenaciously through disappointment after disappointment.

Sixty-one bodies have been recovered.

The probable death list was increased to 263 by the fatal accident to two helmet men. James Lurdi and William Poisa, believed to have been killed by poisonous gases.

The government rescuers started for the eighteenth chamber, two and a half miles under ground from the portal. It was at this point that Lurdi and Poisa, with two companions, were searching for the body of General Superintendent William McDermott and perhaps at least 100 more miners, who were believed to have been in that part of the mine when the explosion occurred.

Lurdi and Poisa were walking ahead when rocks began to fall. They were buried in the debris and their fellows struggled to rescue them.

Upon being pulled out of the mass of rocks and dirt Lurdi and Poisa are said to have become frightened and removed their helmets. This action confused their rescuers, who, frightened by the continued fall of debris and hampered by their thirty-eight pound equipment, also jerked off their helmets and ran into the entry off the eighteenth room. There they were overcome by poisonous gases, but members of the other divisions of the crew finally brought them to the surface alive.

AMERICA TO NOTIFY NATIONS

Any Interference in Mexico Will Be Regarded Unfriendly.

Washington, Oct. 25.—The United States government is preparing to notify the nations of the world generally that any interference in Mexican affairs will be regarded as unfriendly to this government.

President Wilson, Secretary Bryan and Counselor John Bassett Moore of the state department have exchanged ideas as to what the proclamation to the world should express. It will be communicated to foreign governments everywhere in line with the policy established earlier of keeping other nations informed of every step taken in its handling of the Mexican problem.

The proclamation or note also will serve, it is understood, as an explicit definition of the policy of the United States toward the de facto authorities in Mexico, reiterating the principle that recognition can only be given to governments on this hemisphere founded on law and order.

Developments in the relations between the United States and Mexico emphasized a gravity of affairs more ominous than at any time since President Wilson's administration began. Absolute silence was the order in official quarters.

The release of the Ward liner Morro Castle, after peremptory demands by the United States, terminated a delicate situation. Orders were in preparation to the commanders of the American warships lying off Vera Cruz to insist on its release.

Bride Confesses Robbing Rockefeller.

New York, Oct. 25.—Mrs. Evelyn P. Rutherford, a bride of a month, was arrested on an indictment charging her with cashing 100 $20 coupons on Southern Pacific 4 per cent bonds belonging to John D. Rockefeller. The young woman before her marriage was employed in the coupon department of the Southern Pacific railway. She is said to have confessed to having spent $460 of the proceeds on her trousseau and to have returned the balance to the Southern Pacific company.

Strikers Fire Upon Train.

Calumet, Mich., Oct. 25.—The Duluth, South Shore and Atlantic passenger train, carrying strikebreakers for the Calumet and Hecla mining companies, was fired on, supposedly by strikers, about a mile from Hancock. Soldiers and deputies on the train returned the fire. No one on the train was hurt. The train ran through a scattering rifle fire for three-quarters of a mile. Those in the train tore up car seats and barricaded the windows. Several hundred shots were exchanged.

General Booth on Way to America.

London, Oct. 25.—General William Bramwell Booth, head of the Salvation Army, sailed for America today on his first visit to the United States, where he expects to secure some American Salvationists as volunteers for China, where the work of the Salvation Army is to be increased.

Clerk of Probate.

His Wife Burned to Death.

Word was received in Maryville this week of the death of Mrs. W. A. Power at her home near Mt. Moriah, in Harrison county. Her death was caused by burns she received when starting a fire with coal oil. Her huband attended the summer term of the Normal last summer.

The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price, 50c and $1.00. All druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

A marriage license was issued Saturday to William Earl Davenport and Lois M. Buholt, both of Ravenwood.
